### DESCRIPCIÓN

- Miña Vida is a family tribute that has as reference 1953, a tribute to the founders of the winery Isaura Duro y Juan Ucha, to our origins and to a generation that today is still betting on the wines of Tea County. In Miña Vida wine we rescue the traditional viticulture of elaboration of wines of native varieties of our region Tea County. It is the only wine blend that we produce in the winery.
- Fruit of a respectful and partially organic viticulture, it is a wine made with maximum care based on handmade winemaking techniques. A tribute to our land and the family.
- Only 6,600 bottles are witnesses of this story.
- Wine with a good aromatic intensity and complexity, in which the flowers stand out, which are combined with white fruit, citrus especially lime, lychee, apart from a mineral note. In the mouth it has a marked acidity, which balances your mouth very well, which is dense and with a lot of carácter, also showing different aromas, it has a long and very pleasant finish.
